Presidents Trophy

This is a yardstick competition played over 3 games of 6 ends.

Game 1 is played to a minimum jack length with the mat at the 2 metre mark (use the stick if you are not sure) and the jack set at 23 metres. If the jack is moved it is to be put back to where it was.

Game 2 is the same but with the jack at maximum length. Again if the jack is moved it should be repositioned.

Game 3 is with the mat and jack set as normal. If the jack is moved it stays where it has moved to. There will be no firing allowed.

There are no trial ends.

Teams move right or left as indicated on their score cards after each game of 6 ends. Each team must keep their own score as a running total with the highest score to decide the winners. In the event of a tie the teams involved will play extra ends until a winner is decided.
